

Who we are

Topcoat d'Azur SARL is an established yacht finishing services company on the Cote d'Azur in the French Mediterranean.

British owned, with its directors having over 35 years combined worldwide experience in the marine industry, our knowledge, experience and skill ensures that we are always able to meet the high standards required by today's yachting industry.

Divisions

The company is divided into 3 divisions, each specialising in different areas of expertise.

Our Yacht Painting Division includes a mobile team, who have carried out major refinishing projects around the world. The division is skilled in modern application techniques for the range of today's top yacht finishing products and enjoys a growing list of satisfied clients and repeat contracts.

The Yacht Painting Division also specialises in Engine Room refinishing, where liaison with our engineering division ensures optimum results in the active engine environment

Our Marine Engineering Division offers highly trained expert engineering services as a solution for vessels requiring anything from minor repairs and maintenance to major overhaul.

We offer rapid response emergency engineering support and temporary engineering cover.

Our Direct Owner Services Division assists owners to get the most out of their time on board without having the expense of full time crew. We offer a range of gardiennage services from basic exterior cleaning to a full provisioning service so that you arrive to a fully prepared yacht.

We are able to offer storage and winterisation services from our warehouse facility in Mouans Sartoux, 3 minutes from the A8 Autoroute exit at Cannes.

Past projects

Clients include: AZZURA BACINO BOSONOVA MISS MONEYPENNY TIARA

HAIDA G

TAEEO MOONPEACE PANTHERE KALAHANI KAVENGA

KISS THE SKY

SAND DANCER MASCARADE MANA SIRRIUS BUZZY B

QUEEN M

Facilities

We offer a pressurised spray booth and workshop for items removed from the yacht for optimum finishing or repair in a controlled environment.

Situated 3 minutes from the A8 Autoroute exit at Cannes, we are ideally placed for easy access to all major ports and marinas across the Riviera.

Our warehouse offers a facility for storage and winterisation of equipment, with a further area of exterior hardstanding for drydocking of small vessels and tenders.
